5-Year Limited Product Warranty

Quality System ISO 9001:2015 Certified

IDEX PVT LTD("I IPL") warrants to the original end-use purchaser, that no product sold by I IPL that bears a Blagdon® brand shall fail under normal use and service due to a defect in material or workmanship within five years from the date of shipment from I IPL's factory.

If I IPL determines that a product bearing a Blagdon® brand has failed under normal use and service due to a defect in material or workmanship within the warranty period for such product, I IPL will repair or replace such product at no charge to the original end-use purchaser. The determination to repair or replace shall be made by I IPL in its sole discretion. The repaired or replacement product shall be shipped to the original end-user purchaser freight collect unless the original end-user purchaser makes other arrangements for shipment. The original end-user purchaser shall bear all risk of loss or damage during shipment. Repair or replacement does not extend the original warranty period for a product, and any warranty repair or replacement is warranted only for the balance of the original warranty period.

Statements and data relating to products on the Blagdon Pump website (www.blagdonpump.com) and in promotional, marketing and technical literature and materials are not intended to define the performance of any product under actual conditions or when used for specific applications, are not warranties, and should not be relied upon in determining the performance of products under actual conditions or the suitability of products for specific applications.

The above warranty and repair or replacement obligation does not apply to or include:

- Any product that is not sold by I IPL as new
- Any accessory or other product that does not bear a Blagdon® brand (In the case of such products, any warranty is limited to a pass through to the original end-use purchaser of any warranty received from the manufacturer to extent such pass through is permitted by the manufacturer)
- Any product that fails other than during normal use and service or that fails outside the warranty period for such product
- Normal wear and tear
- Any product that I IPL determines (a) was tampered with, disassembled, repaired, modified or altered without the prior written authorization of I IPL (b) damaged during or after shipment (c) used to pump material that the product was not designed to pump or otherwise used for a purpose or under conditions that differ from those for which it was designed (d) not properly maintained or operated or otherwise misused or (e) subjected to abnormal use or service.
- Any party other than the original end-use purchaser
- Field repair, removal, reinstallation, labour, freight or other similar items
